Good Morning Reade,

Based on our conversation this morning, we are narrowing your information request to the years 2011-2013 and limiting the search using the following terms: "asbestos disinvestment", "asbestos in schools", "unapproved demolition methods", "early warning letter", "national fiber program", and "elimination of fibers program." We are also requesting a 60 day extension due to the scope of the request. The new due date will be January 18, 2015.

Can you please confirm that you agree to the narrowing of the search and the extension to January 18<sup>th</sup>. Please feel free to contact me if you have any questions.

Thank you.

-Greg
